“ When I was young, my dad held my hand and guided me through life. My dad recently moved into Chatham-Kent Hospice and the staff are amazing! Now I find myself wanting to hold my dad’s hand and tell him it’s OK to be tired and to not worry about us, his kids. It’s hard living out of province but knowing he is being taken care of at Hospice makes it much easier to leave after a visit. Life sometimes gets away from us but we shouldn’t forget those who made us who we are.”
