

JOB POSTING: Chatham-Kent Hospice Navigator

We're looking for people with unique experience, skills and talents to join our amazing team that is dedicated to *creating a community where the best possible end-of-life care and grief support are available.*

If you're looking for an opportunity where you can truly make a difference in people's lives, while working as a member of our collaborative team – we'd love to chat. We welcome your application if you'd appreciate a place that is sincerely committed to quality of care and quality of work life; flexible hours; and a relationship-centred culture.

Chatham-Kent Hospice

The Chatham-Kent Hospice opened its doors in April 2016, and we continue to serve people with life-threatening illnesses and those they call family and friends. Hospice provides a home-like atmosphere for residents and their families as they journey through death and loss. The Chatham-Kent Hospice has developed a wellness program serving residents and families as well as those in our community who are in need of support services while facing the challenges of a life-limiting illness, impending end-of-life and the death of a loved one, and/or when experiencing spiritual distress, anticipatory grief, grief and mourning. To learn more about our Residential Hospice and Supportive Care Program, visit:

New Navigator Role

In this new role, the successful candidate will have a chance to positively influence the lives of people with life-limiting illness and their care partners. Our vision is for patients and their families to learn about and have access to programs and services from the time they receive a diagnosis of a life-limiting illness throughout their journey including end-of-life, as well as grief and bereavement support.

If you enjoy "meeting people where they're at" and have experience as a health care provider, system navigator and/or care coordinator in palliative, older adult or complex care, we hope you'll apply and learn more about why we're so excited about this role.

We created a new Hospice Navigator position to help people access coordinated, specialized palliative and supportive care. It isn't always easy for patients, families and their health care team to know about the services available and how to access them. Our Navigator will be a compassionate guide, coach and coordinator through the journeys of people who wish to receive end-of-life care at the Chatham-Kent Hospice.

If you're a Registered Nurse energized by starting a program from scratch, supporting people living at home, and liaising with colleagues in health and social services, then please send us your application.

Here's more about what the Hospice Navigator will do:

- Implement best practice, quality palliative care by helping guide people with life-limiting/life-threatening illnesses and their caregivers through their journeys
- Develop care pathways
- Apply the principles of relationship-centred care and care coordination
- Meet in-person (whenever possible) to understand needs, concerns and priorities, and then:

- Identify service gaps
- Provide education and information about care options and resources
- Coordinate referrals to specialized treatments for physical, emotional and mental well-being
- Perform comprehensive assessments, determining eligibility for palliative care services, Hospice services and preparing documentation for admission to Hospice for end-of-life care (as appropriate)
- Monitor and reassess
- Discuss goals of care and advanced care planning
- Support the transition from home or hospital to Hospice by completing the Hospice intake process and liaising with the Manager of Clinical Operations
- Participate in team rounds and care conferences to provide continuity of care
- Liaise with physicians
- Provide practical, expert support to team members (e.g. complex health or life situations)
- Ensure caregivers are aware of support available to them during their grief and bereavement.
- In addition, to supporting people with life-limiting illnesses and their caregivers, the Hospice Navigator will liaise with primary care providers, health care teams, cancer centres, home and community care and referral sources to:
 - Enhance understanding of appropriate referrals (health status and timing) to community resources, Hospice and Supportive Care Services.
 - Streamline the referral to Hospice and Supportive Care Services process.
 - Raise awareness of palliative care best practices and learning opportunities available.
 - Promote Hospice and actively seek referrals to residential Hospice and Supportive Care.
- They will actively seek opportunities to improve Hospice processes, programs and services; enhance support (for example by exploring options for volunteer roles); and represent C-K Hospice at designated committees and support special projects.

If you don't have all the qualifications listed below and this is a role that intrigues you, we'd like to hear from you.

Our ideal candidate will be:

- Current Registered Nurse in good standing with the College of Nurses of Ontario (CNO).
- CAPCE and LEAP certifications; Canadian Nursing Association Hospice Palliative Care Nurse Certificate (CHPCN(C)), or commitment to attain
- In-depth knowledge and clinical experience in working with palliative care clients and their families.
- Strong computer skills in Word, Excel, PowerPoint and Outlook.
- Valid Driver's License, use of reliable vehicle, and willingness to travel
- Experience supporting people with life limiting illnesses and their care partners preferably in community settings
- Committed to inclusivity, health equity and smooth care transitions.
- A "people" person with excellent interpersonal skills including the ability to ask good questions, listen well, identify what's most important to individuals, and build trust relationships with patients, families and many partners.
- A good problem solver who has an "always improving" mindset.
- A quick learner with a solid understanding of the health and social services.
- Well organized and able to work remotely, independently and in the Hospice.

Requirements:

- A vulnerable sector Police Background Check
- Negative 2 step TB test
- Proof of COVID-19 vaccination (Minimum 2 doses)

To join our dynamic team, please send your cover letter and resume in PDF or .docx format, or any questions or requests for support for accessibility to Sarah Baute, Human Resources Generalist (sbaute@chathamkenthospice.com) by 4:00pm on November 29, 2022.

.....

Chatham-Kent Hospice is an inclusive employer dedicated to building a diverse workforce. We welcome and encourage applications from all qualified candidates, who embrace our core values, and will accommodate applicants' needs throughout all stages of the selection process. All information received relating to accommodation will be addressed confidentially.

Offers of employment to prospective employees are conditional upon the successful completion and disclosure of a Police Records/Vulnerable Sector Check, and must have a valid driver's license.

We thank all applicants for their interest, however, only those selected for an interview will be contacted.
