“ We think that building the hospice is the best thing that happened in our area and we wanted to donate to something local. Donating on a monthly basis is easy, convenient and we know we are making a difference all year long. I know how hard it is sitting in a small hospital room when you know that you are losing a loved one. When my mom was in the hospital, we had great family support to help around the clock when nurses are so busy and not close by. We were thrilled to learn that Mom would be able to go to Hospice. We were all packed up and ready to go but, unfortunately, she passed 30 minutes before her transportation arrived! It would have been so much better for us if she could have spent her last 2 weeks at Hospice. That is why we support Hospice. To ensure hospice care continues to be available for other local families.”

JIM & SANDY HOLDAWAY
